

The Shyne School Pre-Registration Form

We're so happy that you're considering The Shyne School for your child. To help us reserve your child's place, a tuition pre-payment is due at enrollment for the following month, or by June 1 for families planning a September start. This payment is non-refundable. Each June, we share the upcoming school calendar along with any tuition updates for the new school year.

For part-day students, the fall session runs from September through mid-June, and the summer session runs from mid-June through August. Tuition covers 180 days based on a five-day schedule. Part-day programs follow Northshore School District closures for winter, mid-winter, and spring breaks. Families are not charged for these breaks or planned closures unless extra care is requested, in which case those additional days will be billed separately.

Full-day students are welcome year-round, except during scheduled school closures. Tuition is based on a 20-day month, so families pay for 240 days and receive 245+ days of care each year based on a five-day schedule. Monthly tuition remains consistent throughout the year, and families are not charged for holidays/planned closures.

Please see the full tuition agreement and annual calendar for additional details.
